Bahrain

Dear Hiring Manager,

My name is Nadia AlQemaish, I am a 24-year-old visual designer with a passion for creating vibrant experiences through design. My design aesthetic leans towards playful and eye-catching.

Beyond aesthetics, I possess a strong foundation in design principles, with particular expertise in social media design, ensuring visuals resonate across all platforms. I also enjoy crafting impactful posters and have interest in type design. My experience in content creation complements my design skills, allowing me to not only design captivating visuals but also craft compelling narratives that engage audiences effectively.

My love for exploration extends beyond the design world. As a black belt in Karate, I thrive on challenges and pushing boundaries. Karate has also taught me discipline and resilience.

I'm particularly interested in DALLAH Promotions because of your specialization in marketing, advertising, website development, and event management services which offers a dynamic and diverse work environment. This diversity not only provides a platform for continuous learning and growth but also allows for the application of a wide range of design skills and techniques, making each project a unique and fulfilling experience. My unique blend of Bahraini and Thai backgrounds would bring a fresh perspective to your design projects.

Please find my portfolio attached, showcasing my design style. I'm eager to discuss how my skills can add value to your company and create something truly delightful together!

Thank you for your time and consideration.

Sincerely,

NADIA  
Al-Qemaish
